Forklift Operator Certification Course (All Operators Must Be Certified Every 3 Years)

John P. Noto conducting a course in Hauppauge, NY

BROOKLYN FORKLIFT CALAMITY

3/27/14: An elderly woman was seriously injured Wednesday, when her feet were trampled by a forklift on a busy Brooklyn street... - N.Y. Daily News

FORKLIFT ACCIDENT KILLS BROOKLYN MAN

6/11/14: A forklift crushed a Brooklyn worker to death in a freak accident Tuesday... - N.Y. Daily News

FORKLIFT FALL KILLS QUEENS REPAIRMAN

10/4/13: A 61 year old man was crushed to death in Queens on Thursday when the forklift he was repairing fell on top of him... - N.Y. Daily News

FORKLIFT TRAGEDY AT QUEENS WORK SITE

6/18/14: A 54 year old worker was killed when a forklift fell on him Tuesday morning at a Queens construction site... - N.Y. Daily News

After the class, an operator test is conducted

Our Training Course was created by John P. Noto and features a dynamic Power Point Presentation which includes more than 350 slides, 100 photos and more than 30 video clips, which exceeds OSHA regulations.

Aerial Work Platform Operator Training (All Operators Must Attend an Operator Training Course)

Our Training Utilizes the
Genie®
Aerial Work Platform Safety Course.

Course includes all types of aerial work platforms

- Manual push-around units
- Self-propelled Vertical Lifts
- Self-propelled Scissor Lifts
- All Boom Lifts

ABOUT THE INSTRUCTOR

John P. Noto has been involved in the forklift and aerial work platform industries since 1970. From 1973 to 1997 he was employed by Pride Equipment Corp. as their Director of Engineering and Safety. As of July 2015 he has trained over 16,000 personnel from approximately 1,600 companies (including 21 OSHA inspectors) on the safe use of forklift trucks and aerial work platforms. His dynamic teaching style has received virtually 100% positive comments from the class attendees. He has also testified as an expert witness in many lawsuits involving forklift accidents. An impressive and extensive list of company references is available upon request.

We have trained and certified more than 16,000 Operators in the Greater New York area.
